PLACER COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT

Notice of Availability of an Initial Study/Mitigated Negative Declaration and Intent to Adopt a Mitigated Negative Declaration for the Antelope Creek Flood Control Project

The Placer County Flood Control and Water Conservation District (District) has prepared an Initial Study/Mitigated Negative Declaration (IS/MND) to evaluate the potential environmental effects of the Antelope Creek Flood Control Project. The proposed project is located in the City of Roseville, in Placer County, California. The project is situated along Antelope Creek between the State Route 65/Roseville Bypass and Atlantic Street. The project proposes to construct two primary flood control elements, along with recreational and aquatic and riparian habitat restoration elements.

The District has prepared a Draft IS/MND in accordance with the requirements of the California Environmental Quality Act (CEQA) and the State CEQA Guidelines. The Draft IS/MND identifies potentially significant impacts related to: biological resources and cultural resources. All impacts are reduced to less-than-significant levels with implementation of recommended mitigation measures. The Draft IS/MND is being circulated for public review and comment for a 30-day period beginning on Friday, November 22, 2013 and ending on Sunday, December 22, 2013. The Draft IS/MND may be reviewed at the District's

http://www.placer.ca.gov/departments/works/floodcontrol/antelopecreek Please send written comments on the Draft IS/MND to Brian Keating, P.E., District Manager, Placer County Flood Control and Water Conservation District, 3091 County Center Drive, Suite 220, Auburn, CA 95603; Fax (530) 745-3531.

Comments may also be sent via e-mail to: BKeating@placer.ca.gov.

For e-mailed comments, please include the project title in the subject line, attach comments in MS Word format, and include the commenter's U.S. Postal Service mailing address.

NO 244 PUBLIC NOTICE

Randy Moore, the Regional Forester for the Pacific Southwest Region of the Randy Moore, the Regional Forester for the Pacific Southwest Region of the Forest Service (Region 5) has made the Final Environmental Impact Statement and Draft Record of Decision for the Lake Tahoe Basin Management Unit (LTBMU) Land Management Plan Revision available at the LTBMU Forest Supervisor's Office (South Lake Tahoe, CA). The Draft Record of Decision selects Alternative E. In Alternative E, the Forest Plan contains plan components to continue to restore forest composition and structure and reduce fuels in the wildland urban interface, to improve wildlife habitat, to restore stream channels and aquatic habitats in priority watersheds, and to provide a range of recreation opportunities with appropriate access across the landscape.

The plan revision is available on a compact disk, in hardcopy, or on the forest's website (http://www.fs.usda.gov/goto/Itbmu/ForestPlanRevision). For further information, contact Theresa Corless, Regional Appeals Coordinator - Pacific Southwest Region, at (707) 562-8768.

Objection Opportunities
This plan revision is subject to objection under 36 CFR 219 Subpart B. A written notice of objection, including attachments, must be submitted (regular mail, fax, e-mail, hand-delivery, express delivery, or messenger service) within 60 days after the date of publication of this legal notice in the Sacramento Bee, Sacramento, CA (36 CFR 219.56). The written notice of objection must be submitted to the Chief of the Forest Service, Tom Tidwell, who is the Objection Reviewing Officer at:

How to File an Objection
The office business hours for those submitting hand-delivered objections are
8:00 a.m. to 4:30 pm (Eastern Time), Monday through Friday, excluding
holidays. We will also accept electronically filed objections. Please send such
objections to "objections-chief@fs.fed.us" (dashes, not underscores).
Electronically mailed objections must be submitted in an email message, plain
text (.txt), Word (.doc or .docx), Portable Document Format (.pdf), or Rich Text
Format (.rtf) file formats. For electronically mailed objections, the sender
should normally receive an automated electronic acknowledgment from the
agency as confirmation of receipt. If the sender does not receive an
automated acknowledgment of the receipt of the objection, it is the sender's
responsibility to ensure timely receipt by other means. The regulations prohibit
extending the length of the objection filing period.

have participated in opportunities for public participation provided throughout the planning process to have any unresolved concerns receive an independent review by the Forest Service prior to a final decision being made by the responsible official. Under 36 CFR 219.53(a), only those individuals or organizations who participated in the planning process through the submission of written comments may file an objection. A signature or other verification of authorship is required (a scanned signature when filing elevitornically is acceptable). In cases where no identifiable name is attached to an objection, a verification of identity will be requested confirming objection eligibility. If the objection is supported by documents, with the exceptions listed in 36 CFR 219.54(b), all documents must be provided with the objection; a bibliography is not sufficient. Objections must meet content requirements of 36 CFR 219.54.

requested;
(4) The name of the plan, plan amendment, or plan revision being objected to, and the name and title of the responsible official;
(5) A statement of the issues and/or the parts of the plan, plan amendment, or plan revision to which the objection applies;
(6) A concise statement explaining the objection and suggesting how the proposed plan decision may be improved. If applicable, the objector should identify how the objector believes that the plan, plan amendment, or plan revision is inconsistent with law, regulation, or policy; and (7) A statement that demonstrates the link between prior substantive formal comments attributed to the objector and the content of the objection, unless the objection concerns an issue that arose after the opportunities for formal comment (36 CFR 219.53(a)).

All objections are open to public inspection and will be posted to the Forest Service website (http://www.fs.usda.gov/goto/ltbmu/ForestPlanRevision).
